MEMORANDUM FOR: Director of Communications

SUBJECT : SPS Positions

Dick,

Please note the actions taking place in support of the newly assigned or developed projects for DD/S&T. In light of the additional responsibilities and new programs that the Office of Communications is assuming both now and in the projected near future I suggest you consider whether or not some SPS positions might best serve your need for technical capability and whether in your judgment we would have sufficient justification to request of the Bureau of the Budget the assignment of some additional positions. Please see me personally on this matter after you have had a chance to consider it.

K. L. Dannerman
Deputy Director
for Support

MEMORANDUM FOR THE FILE

E-X-T-R-A-C-T

"5. Request to the Bureau of the Budget for Additional SPS Positions: DD/S&T in support of its newly assigned programs is requesting some additional SPS positions. In accordance with the agreement reached with the Bureau of the Budget, increase in such positions is negotiable for new projects. In a discussion with the Executive Director the problem of who would negotiate with the Bureau of the Budget was raised and it was agreed that John Clarke and the Office of Personnel would pursue this with the Bureau of the Budget. I asked out of this proposition as I would simply have to brief myself to a considerable degree on a matter that is fully knowledgeable to both John Clarke and SPS. "
